Complaint concerning theft of dog, "Tank", and violation of the animal control laws.

Dear Mr. Bassler,

I am seeking your assistance to recover our dog, "Tank," which was stolen from GAIN by Dr. Schiff. You are familiar with the facts, but I have enclosed a copy of the police report filed today, for your file.

This dog is subject to impound. I am enclosing a map, showing the location of the James Salinas residence in Yigo. Bambi Leone will be glad to show your men the way. We are reluctant to resort to self-help until we have exhausted all official channels. Given that your agency has the statutory authority to impound the dog, we would greatly appreciate your help..

Sincerely,

Karon V. Johnson
GAIN Board Member
